I. Update on Phase I - presentation to Steering Committee and Information Sharing/  
Technical Assistance Working Group

II. Discussion of pilot test of collection instruments

In preparing for the call, please keep in mind the following questions:

- \* Of the instruments tested, did they capture all of the information you would want to collect?
- \* What would you add or which might you delete?
- \* If you were not able to complete the pilot test, what prevented you from doing it?
- \* What do you think should be included in the "outcomes tool" for projects to be able to complete the outcomes evaluation?

III. Next steps

- \* Instrument finalization
- \* Development of outcomes tool
- \* Pilot of outcomes tool
